

Wi-Fi instructions for Adelaide University Guests

How to Connect to Guest Wi-Fi During the Conference

- In your device's network settings, select the 'AU Guest' Wi-Fi network.
- A browser will open to the AU Guest Portal. You will then need to complete the following steps:
 1. Select 'Register for Guest Access'.
 2. Enter your name, email, and create a username (this can be your first and last name, with no spaces, i.e. johnsmith)
 3. Accept terms.

Access is valid for 7 days and you will be connected automatically.

Returning guests

1. Log in using your existing username and password.
2. Re-registration is required after 7 days.
